CATLID

Cultural Ambassadors Target Loneliness through Intercultural Dialogue

Since the **CATLID C1 TRAIN THE TRAINER** event which took place in January this year, all the project partners implemented the cultural ambassador pilot training course in their country. We trained 48 people from different background and nationalities (Algeria, Indonesia, Denmark...) in 6 countries (UK, France, Poland, Spain, Austria and Sweden) to be Cultural Ambassador and share their culture with other project target groups such as businesses, NGO's, public bodies and individual.

KNOWLEDGE PARTIES

Our creative partnership also created the frame of innovative way to share knowledge with the implementation of Knowledge Parties. Those digital or face-to-face events has been organised all over Europe and has been animated by our freshly trained Cultural Ambassador. You will be able to watch soon part of them on our project YouTube Channel.

Finally, we wanted to tell you about the initiative of our French Partner, Leno Consulting, who's been teaming up with My Green Training Box, to turn 8 cultural ambassadors stories into short animated video to create a digital training course about world cultures. You can access to it for free on www.mygreentrainingbox.com
